Dear Mr Marius van der Merwe

Thanks for your reply and interest in this deal .I will outline the system in a way that you will understand how it works.

We are ZENCO GROUP CO.LTD registered as an agent consultant in Lome Rep of Togo Africa and we work on commission basis so i wish to have a long last relationship with your esteemed company, this is anon-going bidding contract supply awarding by the AFRICAN DEVELOPMENT COMMISSION (ADC)

I need you to note that i am not the direct buyer of this 1200 MTS OF COCONUT SHELL CHARCOAL i am just an agent who links the principal buyer to a good supplier like your company. The principal buyer is the AFRICAN DEVELOPMENT COMMISSION (ADC) And the supply process is through competitive tender process which companies will be given opportunity to submit quote and the most reasonable quote wins the contract.

But in this case my job will be to guide your company properly by providing you with information that other companies may not be privilege to have because of my closeness to the contract award committee members (ADC)

And also to do the leg run for you that will eventually culminate in your company being successful at the end. All these services are for a token of 1% commission which you will pay me after the successful execution of contract.

Note that you can add the 1% in your quotation to the AFRICAN DEVELOPMENT COMMISSION (ADC) so that your own profit margin will not be affected. As we all are into business to make profit. Payment arrangement is by 100% T/T Telegraphic Transfer.

PRODUCT TYPE..... COCONUT SHELL CHARCOAL,
Quantity.....1200 mts
Delivery Shedule.....100 mts per month
Supply Duration.....12 Months contract
Payment terms.....100% T/T in advance
Delivery Port.....Lome-Togo Seaport
Type of Bid.Competitive tender bid

Price per mts. Negociable price: Terms of payment.100% T/T Telegraphic Transfer in advance. This is the little information i have from my source who works at the supply board of the ADC, Port of destination is port Of Lome Togo, immediately contract agreement is signed between the (ADC) and the eventual winner of the contract.

I hope that you have understood the entire transaction properly. On acceptance from you to work with me, i will guide your company accordingly in the contract. Our closeness with the procurement director will determine our success of being the eventual supplier, I will make promise to the procurement director and introduce your company as a reliable company for the supply.

Take note that there are other agent that are sourcing for supplier of 1200 MTS OF COCONUT SHELL CHARCOAL so if they happened to contact you for the same supply, informed them that you are in the same process with your representative in Lome Togo. All I required from your side is your full support and Sincerity to bring this to reality.

The (ADC) ORGANIZATION owned a shipping company so they will take care of the freight cost direct from your warehouse so kindly quote your price in FOB basis including my company 1% commission to help me negotiate with the (ADC)
