Dear Mr Edward,

NewCarbon will not proceed with this proposal or pay the requested tender registration fee.

The absence of independently verifiable tender documentation, together with assurances of a guaranteed award through personal influence, does not meet our requirements for a legitimate procurement process.

You are not authorised to represent NewCarbon, submit documents on our behalf or use our company name, logo or correspondence in any tender application.

Please consider this matter closed.

Kind regards,
Marius van der Merwe
CEO | NewCarbon (Pty) Ltd

>
> 2. So since your company can make it to supply the total quantity in one year without any delay in supplying ADC is accepted by your company to be their supplier of this COCONUT SHELL CARBON contractor.
>
> 3. ADC considered the price to be on FOB bases.
>
> 4. ADC will issue you their contract tender form after you have applied for their contract tender invitation requirement.
>
> 5. Kindly issue me your company FOB price offer in your company letter headed paper dully sign/stamp with your company official stamp and send it to me then i will move directly to ADC organization office to submit the price in person.

6. ADC organization is a good buyer of COCONUT SHELL CARBON so they will award you the contract as soon as you follow up their contract procedure.

7. Please note that you will pay the contract tender bidding registration fee to take part of the contract tender into the ADC office.

8. The contract Terms of payment. is 100% T/T Telegraphic Transfer in advance within 24 working hours of when a contract is sign between your company and ADC organization.

9. Note that contract tender bidding registration fee is refundable and it will be refunded to your company immediately once ADC is transferring your contract payment to your company bank account together.

10. Without the contract tender bidding registration fee ADC will not attend to your company tender document nor award you the contract but as soon as you pay the fee into the ADC office then I will do all my possible best to make sure you win the contract among other foreign companies who are seeking for this contract tender project.

11. I guarantee you 100% full assurance that your company will win the tender contract of ADC because ADC contract awarding chairman have promised me that if he get your contract tender documents complete in his office table that he will used his power into the office to give you the contract.

On this bases of my information giving to you I strongly believe that if we are able to work inline with these lead down procedures we will surely win this contract project based on my personal relationship with the ADC contract awarding chairman.

Kindly go ahead to send me your company FOB price offer for my immediate submission in the ADC office for their confirmation and approval.

We are looking forward to hearing from you as soon as possible.

Thanks and God bless you.

with a quotation or agent appointment.

We will only consider participation through a transparent, independently verified procurement process.

Kind regards,

Type of Bid.Competitive tender bid

Price per mts. Negociable price: Terms of payment.100% T/T Telegraphic Transfer in advance. This is the little information i have from my source who works at the supply board of the ADC, Port of destination is port Of Lome Togo, immediately contract agreement is signed between the (ADC) and the eventual winner of the contract.

I hope that you have understood the entire transaction properly. On acceptance from you to work with me, i will guide your company accordingly in the contract. Our closeness with the procurement director will determine our success of being the eventual supplier, I will make promise to the procurement director and introduce your company as a reliable company for the supply.

Take note that there are other agent that are sourcing for supplier of 6000 MTS OF COCONUT SHELL CARBON so if they happened to contact you for the same supply, informed them that you are in the same process with your representative in Lome Togo. All I required from your side is your full support and Sincerity to bring this to reality.

The (ADC) ORGANIZATION owned a shipping company so they will take care of the freight cost direct from your warehouse so kindly quote your price in FOB basis including my company 1% commission to help me negotiate with the (ADC)
