Mango Pickles:

Mango Pickles is a traditional Pakistani condiment made from raw Mangoes, Spices and Oil. In Pakistan and India, Pickles are relished as a side in every meal. It is eaten with Dal-Rice, Dal-Roti, Parathas and even with many Breakfast dishes. Indian cuisine is diverse so a Mango Pickle is made in many different ways.

Mango Pulp:

Mango Pulp is prepared from selected varieties of Fresh Mango Fruit. The process ensures that the natural flavor and Aroma of the fruit is retained in the final product. Mango Pulp/Concentrate is perfectly suited for conversation to Juices, Nectars, Drinks, James, Fruit Cheese and various other kinds of beverages. The Mango Pulp has the real taste of Mangoes and is prepared in the most hygienic conditions.

8

Fresh Dates:

Fresh Dates are a better source of Vitamin C, Vitamin K, Magnesium, Calcium and Minerals which are all needed for healthy bones, Selenium which is antioxidant that helps to prevent tissue and cell damage from toxins, and Folate which is B Vitamin involved in making of healthy red blood.
