ABOUT OUR FLAVOURED MAKHANA

RAUTIMPEX Flavoured Makhana is prepared from popped fox nuts (*Euryale ferox*), roasted to develop a crisp texture and seasoned with carefully selected flavour blends. The range is designed for retail snack brands, distributors, importers, private-label programmes and food-service buyers.

PRODUCT HIGHLIGHTS

Indian Origin	Sourced from India with export-oriented quality selection.
Crisp Texture	Roasted for a crunchy, ready-to-eat snack experience.
Flavour Range	Classic and contemporary profiles for multiple markets.
Flexible Packing	Retail pouches, bulk packs and private-label formats.
Buyer Support	Specifications, packing details and export documentation support.

QUALITY & HANDLING

Attribute	Export Specification / Typical Requirement
Botanical name	<i>Euryale ferox</i>
Product form	Popped makhana, roasted and flavoured
Flavouring	Food-grade seasoning blend as per agreed recipe
Appearance	Clean, crisp, properly roasted, characteristic of selected flavour
Moisture	Controlled to maintain crispness; final limit as per buyer specification
Foreign matter	Conforms to agreed export/food-safety specification
Shelf life	Typically 9–12 months in suitable sealed packaging; final claim depends on formulation and validation

Premium Indian Agro & Spice Exporters

FLAVOUR COLLECTION

A versatile range for modern snack shelves, ethnic-food stores, distributors and private-label programmes.

CLASSIC SALTED

Clean, balanced salt profile for everyday snacking.

PERI-PERI

Bold chilli-led heat with a lively finish.

CREAM & ONION

Smooth, savoury and creamy onion notes.

CHEESE

Rich cheesy profile for indulgent snacking.

MASALA

Warm Indian spice profile with aromatic seasoning.

CUSTOM FLAVOURS & PRIVATE LABEL

Buyer-specific seasoning profiles, pack sizes, artwork and private-label programmes can be discussed subject to minimum order quantity, recipe approval and production feasibility.

WHY SOURCE FROM RAUTIMPEX?

Buyer-Focused Specifications

Product, grade, flavour, packing and shipment details are aligned with the buyer's purchase specification.

Export-Oriented Supply

We work with Indian agricultural and food-product supply chains to support international sourcing requirements.

Flexible Commercial Models

EXW, FOB and CIF quotations can be prepared according to destination and shipment mode.

Private Label Capability

Retail-ready and private-label discussions are available for suitable volumes and approved artwork.

Quality & Honesty

Our business principle is simple: quality and honesty are the first step in building long-term trade relationships.

ORDER & EXPORT PROCESS

1	Buyer enquiry	Flavour, grade, packing, quantity and destination.
2	Specification approval	Product specification, artwork and commercial terms.
3	Sample / confirmation	Sample or production confirmation where required.
4	Production & QC	Batch preparation, packing and quality checks.
5	Shipment	Export documentation and dispatch under agreed Incoterms.

QUALITY AND HONESTY

is the first step in our business.

Product images are illustrative. Final specifications, flavour formulation, packaging, shelf life, MOQ, price and export documentation are subject to buyer requirements, production batch and destination-country regulations.

HS classification note: India introduced dedicated makhana tariff items including 20081921 (popped), 20081922 (flour/powder) and 20081929 (other makhana products). For flavoured/value-added makhana, the final classification should be confirmed for the exact formulation with the exporter's customs broker/CHA before shipment.
